

Liquid Capital: confirm the Chicago desk before investing time

Account entry plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: ZoomInfo, Apollo

London HQ (95 Queen Victoria St)	~35 employees worldwide	0 ZoomInfo signals	0 named contacts found
STAGE Untouched. Qualification needed.	RUNNING NOW Not in any Lemlist campaign	LAST TOUCH None	NEXT STEP Confirm a Chicago desk exists; Apollo shows only a UK-based Liquid Capital Group

Bottom line

Liquid Capital is a London-based proprietary trading group (about 35 people, four offices). HubSpot lists it in Chicago, but **ZoomInfo and Apollo show no Chicago staff and no signals**. Before spending outreach, spend 15 minutes confirming that a Chicago desk still exists and who runs technology. If it doesn't, move the account to a nurture list.

What this account is, in one analogy

This is an address on an old map. Drive by once to see if the lights are on before you plan the visit.

Messages, by contact

1. Technology lead (to find) Head of Technology

Why them: Qualify first.

Channel: Email after confirming | **Subject:** Liquid Capital's Chicago connectivity

Hi, I run Chicago for Crosstown Fiber: underground routes on-net at 350 E Cermak and Elk Grove, mapped to the conduit. If Liquid Capital trades CME products from Chicago, I'd be glad to share the map. Who handles your connectivity?

The plan

When	Move	Notes
Week of Oct 5	Verify this is the right company and that it has a Chicago desk before any outreach.	Avoids a wrong-company pitch.
Fri Oct 9	LinkedIn search for Liquid Capital staff in Chicago.	15 minutes.
Mon Oct 12	If found, one email to the tech lead.	-
Mon Oct 26	If no Chicago desk, mark Nurture in HubSpot.	-

What progress looks like (for management)

By	Milestone	How we will know
Oct 12	Chicago presence confirmed or not	HubSpot status updated

Guardrails

- Low priority. Cap at 30 minutes total.
- Credits used: ZoomInfo company and signals for 1 company; Apollo search.
