

Nico Trading: find the infrastructure owner at a 24-hour shop

Account entry plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: ZoomInfo

222 W Adams St, Chicago	~28 employees	0 ZoomInfo signals	0 named contacts found
STAGE Untouched. Owner unknown.	RUNNING NOW Not in any Lemlist campaign	LAST TOUCH None	NEXT STEP Call the main line (312-253-8000) and ask who handles network and carrier decisions

Bottom line

Nico Holdings is a Chicago proprietary trading firm (about 28 people, 222 W Adams) that **makes markets 24 hours a day** in Treasury options, energy, agriculture, metals and rates. Its own description stresses **"intelligent investment in infrastructure"**. A 24-hour shop can't afford a cut circuit. It has no signals, and Apollo found no technology contacts. Step one is finding the person who runs infrastructure.

What Nico is, in one analogy

Nico is a 24-hour diner: it never closes, so a single broken water main shuts the whole business. Find the manager and offer a second main.

Hi, Nico trades around the clock, so one cut can be expensive. Crosstown owns underground fiber in Chicago, on-net at 350 E Cermak and Elk Grove, and mapped to the conduit so you can prove diversity. Happy to share the map.
