

TierPoint: on-net in Chicago, and a channel team ready to work

Partner activation plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: HubSpot, Lemlist, ZoomInfo

Polk St Chicago: Crosstown on-net	4 TierPoint sales and channel contacts	~800 employees	0 joint deals logged
STAGE Partner: not activated.	RUNNING NOW CTF PARTNER - Data Center Reps (launched Oct 1): Chuck Ludwig, Grant Whisler, David Haggerty, Cynthia O'Connell	LAST TOUCH None logged	NEXT STEP Mon Oct 5: email Cynthia O'Connell (Sr Director, Channel Sales, Lakes and Midwest)

Bottom line

Crosstown is **on-net at TierPoint's Chicago data center on Polk**. TierPoint (St. Louis, about 800 people) sells colocation, cloud and DR to mid-market companies, exactly the customers who need a diverse path from their office to the data center. Its Midwest channel and sales leaders are in HubSpot: **Cynthia O'Connell (Sr Director, Channel Sales, Lakes and Midwest)**, **David Haggerty (RVP Sales)**, **Grant Whisler (Sr AE)** and **Chuck Ludwig (Director, Channel)**. Make Crosstown TierPoint Chicago's preferred metro fiber partner.

What TierPoint is, in one analogy

TierPoint is a storage unit facility; every tenant needs a driveway. We already own the driveway into Polk Street.

Messages, by contact

1. Cynthia O'Connell Sr Director, Channel Sales, Lakes and Midwest

Why them: Channel owner.

Channel: Email Mon Oct 5 | Subject: Metro fiber into TierPoint Chicago (Polk)

Cynthia, Crosstown owns underground fiber on-net at TierPoint Chicago on Polk, plus Cermak and Elk Grove, mapped to the conduit. Your Chicago customers often need a diverse path from their office or a second data center. Could we set up a 20-minute call to align on referrals both ways?

2. Grant Whisler Senior Account Executive

Why them: Live deals.

Channel: Email Wed Oct 7 | Subject: Polk St connectivity for your Chicago deals

Grant, if any of your Chicago deals need a diverse path into Polk, I can turn around a KMZ and preliminary design quickly. Anything live right now?
