

Access One: a Chicago provider with A-level data center intent

Partner activation plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: HubSpot, Lemlist, ZoomInfo

Chicago HQ (since 1993)	97 Data Center intent, audience A	3 contacts in HubSpot	Tier A partner priority
STAGE Partner: recruit.	RUNNING NOW CTF PARTNER - Agents (Enzo Scafidi, Mark Dickey); Warm Network draft (Bill Menges)	LAST TOUCH Sep 30: enrollments	NEXT STEP Mon Oct 5: personal email to Bill Menges (Sales Manager)

Bottom line

Access One (Chicago, about 100 people, since 1993) provides cybersecurity, network and telephony services. ZoomInfo shows **Data Center 97 and Cloud 99, both audience A**. It could be a **buyer** (fiber for its own network) as well as a **reseller partner**. **Bill Menges (Sales Manager)** is a warm contact; **Enzo Scafidi (EVP)** and **Mark Dickey (CRO)** are in the Agents campaign.

What this partner is, in one analogy

Access One is a neighbor who runs a delivery business. It might rent our road for its own trucks, and refer customers who need one too.
