

Bluepeak: a growing fiber ISP with a new CEO on Oct 19

Carrier partner plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: HubSpot, Lemlist, ZoomInfo

500K homes passed	Oct 19 new CEO starts (Ken Johnson)	4 contacts in HubSpot (1 departed)	0 replies so far
STAGE Carrier: prospect (wholesale).	RUNNING NOW CTF ENT - Practitioners (Sep 30)	LAST TOUCH Sep 30: enrollment	NEXT STEP Tue Oct 6: email Daryl Elcock (Director, OSP and Hub Engineering)

Bottom line

Bluepeak (Denver, about 558 people, about \$206M revenue) builds fiber-to-the-home and business fiber in smaller Midwest and Western markets, and just passed **500,000 homes**. **CEO Richard Fish retires Oct 19; Ken Johnson (COO of Cable ONE) takes over**. A new CEO often revisits backbone and transit routes. A regional ISP needs **diverse backhaul into Chicago's carrier hotels**, where it buys transit and peering. **Daryl Elcock (Director, OSP and Hub Engineering)** owns the physical network; **Cash Hagen (COO)** is the sponsor. Michael Benoit left in May 2026; remove him.

What Bluepeak is, in one analogy

Bluepeak builds neighborhood streets in small towns; it still needs an on-ramp to the big-city highway. Crosstown owns the on-ramps at Cermak.

How the access path should run

Messages, by contact

1. Daryl Elcock Director, OSP and Hub Engineering

Why them: Owns the physical network.

Channel: Email Tue Oct 6 | Subject: Diverse backhaul into Chicago for Bluepeak

Daryl, congratulations on 500K homes passed. If Bluepeak backhauls transit or peering into Chicago, Crosstown owns underground fiber on-net at 350 E Cermak and Elk Grove, mapped to the conduit. We sell dark fiber and wavelengths wholesale. Can I send the KMZ?

The plan
