

CICS: a large charter network; start with the facilities director

Account entry plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: ZoomInfo, Apollo

Bottom line

CICS is one of Chicago's largest charter networks (about 2,070 staff, office at **11 E Adams**). ZoomInfo shows no signals. Apollo found **Danny Cancel, Director of Facilities** (verified email), but no IT lead. Facilities knows the building entrances and who handles connectivity. Ask him for the technology owner and tie it to the E-Rate cycle.

What a school network is, in one analogy

A charter network is a chain of small branch offices. Each campus is a branch, and the WAN between them is the hallway. If one hallway is out, a whole school is offline on test day.

Signals worth citing

Signal	Source	So what for the opener
No intent or scoops	ZoomInfo	No trigger.
Danny Cancel, Director of Facilities since 2019	Apollo	Referral to IT.

E-Rate	Schools buy WAN and internet circuits through the federal E-Rate program. Funding year 2027 requests (Form 470) post this fall and winter, and vendors bid on them. Confirm Crosstown has an E-Rate service provider ID (SPIN) before pitching.
