

Cloud Source: partner activation plan

Partner activation plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: HubSpot, Lemlist, ZoomInfo

Chicago location	10 employees (ZoomInfo)	1 advisor(s) in HubSpot	Tier A partner priority
STAGE Partner: recruit. No referrals yet.	RUNNING NOW CTF PARTNER - Agents (finder's fee), added Sep 30	LAST TOUCH Sep 30: enrolled; first step queued	NEXT STEP Week of Oct 5: 15-minute partner intro call with Shawn Mills

Bottom line

Cloud Source is a technology advisor (agent) firm: Cloud Source is a free brokerage helping mid-market and enterprise companies (100+ employees) compare 350+ technology providers. Agents like this sell connectivity on behalf of many carriers, and they're paid on what they sell. Crosstown's agent agreement pays **15% of monthly recurring revenue for the full contract term, including renewals**, plus **7.5% of the one-time charge on dark fiber IRUs**. Crosstown's product angle is simple: **owner-direct underground fiber in Chicago**, on-net at Equinix CH1/CH2/CH4 and Digital Realty at 350 E Cermak, Equinix CH3 in Elk Grove, and TierPoint on Polk, with **KMZ maps and conduit-level diversity** that most carriers can't show. Its clients are mid-market and enterprise firms, the right size for diverse fiber. The goal isn't a sale to Cloud Source; it's a **signed agency agreement and one registered net-new opportunity in the next 90 days**.

What an agent partner is, in one analogy

An agent is a buyer's real-estate agent for networks. They don't buy the house, but they decide which houses their clients tour. Make sure Crosstown is on their tour list.

Channel: Email Mon Oct 5 (after Lemlist step 1) | Subject: Chicago fiber for Cloud Source's clients

Shawn, Crosstown owns underground fiber in Chicago, on-net at Equinix CH1/CH2/CH4 and Digital Realty at 350 E Cermak, Equinix CH3 in Elk Grove, and TierPoint on Polk, and we document diversity down to the conduit. If any of your clients need a Chicago path, a second route or data center connectivity, our agent program pays 15% of monthly recurring revenue for the life of the contract, renewals included (7.5% of the one-time charge on dark fiber IRUs). We register your deal before we quote, so it stays yours. Do you have 15 minutes next week? I'll send our KMZ and coverage list either way.

The plan

When	Move	Notes
Mon Oct 5	Personal follow-up email to Shawn Mills.	After Lemlist step 1.
Thu Oct 8	LinkedIn connect.	-
Week of Oct 12	15-minute intro call; send the agency agreement, KMZ and building list.	Explain net-new rule and deal registration.
Week of Oct 26	Agreement signed; ask: "Which net-new Chicago deal can we register?"	Check it against our existing prospects first.
Jan 2027	Quarterly check-in; share new on-net buildings.	-

What progress looks like (for management)

By	Milestone	How we will know
Oct 16	Intro call held	Meeting logged
Nov 15	Agency agreement signed	Countersigned PDF in HubSpot
Dec 31	First registered net-new deal quoted	Partner-sourced deal and quote logged

Guardrails

- Commission applies to net-new customers only. Before accepting a registration, check the account against Crosstown's existing customers and active prospects (including the accounts in these plans); overlaps need written approval and may pay differently.
- Per the agreement, the agent submits service, locations, customer and term before any quote, and marketing material needs Crosstown's written approval.
- Credits used: ZoomInfo company enrichment for 1 company.
