

Consolidated Trading: a warm path through its former COO

Account entry plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: ZoomInfo, Apollo

71 S Wacker Dr, Chicago HQ	~79 employees	1 warm connection (David Trocki)	0 touches so far
STAGE Untouched prospect. No deal.	RUNNING NOW Not in any Lemlist campaign	LAST TOUCH None	NEXT STEP After the McKay conversation: ask David Trocki who owns network at Consolidated now

Bottom line

Consolidated Trading is a Chicago market-making firm (about 79 people, 71 S Wacker) with no ZoomInfo signals. The best way in is a **referral**: **David Trocki**, now Global Head of Network Operations at McKay Brothers (a separate plan), was **COO of Consolidated until 2025** and designed its systems. Apollo also found **Libo Villagomez, Systems Administrator**, with a verified email, as a direct fallback.

What Consolidated is, in one analogy

Consolidated is a house whose previous owner now lives next door. Ask him where the pipes run before you knock.

Signals worth citing

Channel: Email **Wed Oct 14** | **Subject:** Chicago fiber map for Consolidated

Libo, I'm with Crosstown Fiber. We own underground routes on-net at 350 E Cermak and Elk Grove, a short hop from 71 S Wacker. Can I send our KMZ map so you can check your current paths for shared conduit?

The plan

When	Move	Notes
Week of Oct 5	In the McKay outreach, add a line asking Trocki for an intro.	-
Wed Oct 14	Email Libo Villagomez if no intro yet.	-
Week of Oct 26	Goal: route review.	-

What progress looks like (for management)

By	Milestone	How we will know
Oct 23	Intro or reply	Logged
Nov 13	Meeting held	Meeting logged

Guardrails

- Don't push Trocki for the intro if McKay hasn't engaged.
- Credits used: ZoomInfo company and signals for 1 company; 1 Apollo person enrichment.
