

Diraq: a Sydney quantum startup; find the US contact or park it

Account entry plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: ZoomInfo

Sydney HQ	~21 employees	0 ZoomInfo signals	0 contacts found
STAGE Untouched. Low priority.	RUNNING NOW Not in any Lemlist campaign	LAST TOUCH None	NEXT STEP Fri Oct 9: check for a US/Chicago presence

Bottom line

Diraq (Sydney, about 21 people, founded 2022) builds **silicon quantum-dot processors**. There are no signals and no contacts. It's in HubSpot likely because of Chicago quantum ecosystem ties. Spend 10 minutes confirming a Chicago presence, then send one note or park it.

What Diraq is, in one analogy

Diraq is a visitor from overseas. Find out whether it's staying in Chicago before you offer a lease.
