

Marquette Partners: likely inactive; verify, then close out

Account entry plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: ZoomInfo

1 E Erie St, Chicago (last known)	~10 employees (stale)	2020 last real news	0 contacts found
STAGE Qualification: likely disqualify	RUNNING NOW None	LAST TOUCH None	NEXT STEP Fri Oct 9: 10-minute check, then mark Disqualified or Nurture

Bottom line

Marquette Partners was a Chicago proprietary market maker. Today **its domain shows unrelated gambling content**, ZoomInfo's description reflects that, and the **only news is from 2020**: former CEO David Feltes moving on after being COO of CME Europe. Apollo found no staff. This account is most likely defunct or dormant. Spend 10 minutes confirming, then remove it from the active list so management sees a clean book.

What this account is, in one analogy

It's a storefront with someone else's sign on it. Confirm the old tenant moved out, then take it off the route.
