Chicago location	105 employees (ZoomInfo)	1 advisor(s) in HubSpot	Tier A partner priority

Bottom line

PSM Partners is a technology advisor (agent) firm: PSM Partners is a Chicago IT consulting and managed-services firm serving legal, healthcare, financial services and nonprofits. Agents like this sell connectivity on behalf of many carriers, and they're paid on what they sell. Crosstown's agent agreement pays **15% of monthly recurring revenue for the full contract term, including renewals, plus 7.5% of the one-time charge on dark fiber IRUs**. Crosstown's product angle is simple: **owner-direct underground fiber in Chicago**, on-net at Equinix CH1/CH2/CH4 and Digital Realty at 350 E Cermak, Equinix CH3 in Elk Grove, and TierPoint on Polk, with **KMZ maps and conduit-level diversity** that most carriers can't show. Its legal and financial clients (Sidley- and Mayer Brown-type firms) need provable diversity. Mike Mete was emailed Sep 30. The goal isn't a sale to PSM Partners; it's a **signed agency agreement and one registered net-new opportunity in the next 90 days**.

What an agent partner is, in one analogy

An agent is a buyer's real-estate agent for networks. They don't buy the house, but they decide which houses their clients tour. Make sure Crosstown is on their tour list.

Mike, Crosstown owns underground fiber in Chicago, on-net at Equinix CH1/CH2/CH4 and Digital Realty at 350 E Cermak, Equinix CH3 in Elk Grove, and TierPoint on Polk, and we document diversity down to the conduit. If any of your clients need a Chicago path, a second route or data center connectivity, our agent program pays 15% of monthly recurring revenue for the life of the contract, renewals included (7.5% of the one-time charge on dark fiber IRUs). We register your deal before we quote, so it stays yours. Do you have 15 minutes next week? I'll send our KMZ and coverage list either way.

- Commission applies to net-new customers only. Before accepting a registration, check the account against Crosstown's existing customers and active prospects (including the accounts in these plans); overlaps need written approval and may pay differently.
- Per the agreement, the agent submits service, locations, customer and term before any quote, and marketing material needs Crosstown's written approval.
- Credits used: ZoomInfo company enrichment for 1 company.
