

Retelit: an Italian carrier with 30 contacts; aim at the right one

Carrier partner plan for Spencer Refer | Prepared Thursday, October 1, 2026 | Sources: HubSpot, Lemlist, ZoomInfo

Milan HQ	30 Retelit contacts in HubSpot	~20 network staff in INTL campaign	0 replies so far
STAGE Carrier: prospect (wholesale).	RUNNING NOW CTF INTL (Laura Castagna + ~20 network staff), Sep 30	LAST TOUCH Sep 30: enrollments	NEXT STEP Fri Oct 2: trim the INTL list to Laura Castagna and the wholesale lead

Bottom line

Retelit is an Italian B2B carrier with fiber, international backbone and data centers. HubSpot holds **30 contacts**, and **about 20 network engineers** were put in the international email-only campaign. That's too broad for a carrier that will buy, at most, a Chicago segment. Narrow it to **Laura Castagna (Group Director, Data Center and Technology Infrastructure)** and find the **wholesale or international carrier relations** lead.

What Retelit is, in one analogy

We sent a letter to the whole Italian office. One person decides on US routes; write to them.
