Bottom line

Valkyrie is a Chicago derivatives trading firm (about 49 people) based at **141 W Jackson**. It shows no ZoomInfo signals. A firm this size has no network team: **the partners decide**. Apollo found three, all with verified emails: **James Yeung (co-founder, Chicago)**, **Sean Tseng** and **Dale Cheng**. Yeung and Tseng both traded at TransMarket Group before founding Valkyrie, and TransMarket is also on your list. Lead with a short, local, no-fluff note to Yeung.

What Valkyrie is, in one analogy

Valkyrie is a family-run restaurant: no purchasing department, the owners buy the ingredients themselves. Talk to the owner.

Why them: Owner buys.

Channel: Email Wed Oct 7 | Subject: Fiber question from down the street

James, I'm with Crosstown Fiber in Lombard. We own underground fiber in Chicago, on-net at 350 E Cermak and Elk Grove and mapped to the conduit. For a firm Valkyrie's size, one shared duct can take out both 'diverse' circuits. If you'd like, I'll bring the map to 141 W Jackson. 20 minutes.

The plan

When	Move	Notes
Wed Oct 7	Email James Yeung.	-
Wed Oct 14	Email Sean Tseng if silent.	-
Week of Oct 19	Offer an in-person drop-by.	-
Nov 2	Park if no reply.	-
