## Bottom line

Enterprise Visions is a technology advisor (agent) firm: Enterprise Visions is a digital transformation and technology advisory firm working with 400+ suppliers; it has helped 300+ businesses. Agents like this sell connectivity on behalf of many carriers, and they're paid on what they sell. Crosstown's agent agreement pays **15% of monthly recurring revenue for the full contract term, including renewals**, plus **7.5% of the one-time charge on dark fiber IRUs**. Crosstown's product angle is simple: **owner-direct underground fiber in Chicago**, on-net at Equinix CH1/CH2/CH4 and Digital Realty at 350 E Cermak, Equinix CH3 in Elk Grove, and TierPoint on Polk, with **KMZ maps and conduit-level diversity** that most carriers can't show. Large supplier bench; ask about Chicago-area clients. The goal isn't a sale to Enterprise Visions; it's a **signed agency agreement and one registered net-new opportunity in the next 90 days**.

## What an agent partner is, in one analogy

An agent is a buyer's real-estate agent for networks. They don't buy the house, but they decide which houses their clients tour. Make sure Crosstown is on their tour list.

## Signals worth citing

| Signal                                                                                                                                  | Source                                                                                                        | So what for the opener          |

| Enterprise Visions is a digital transformation and technology advisory firm working with 400+ suppliers; it has helped 300+ businesses. | ZoomInfo                                                                                                      | Their client base and services. |
| St. Paul, MN; about 17 employees                                                                                                        | ZoomInfo                                                                                                      | Size and reach.                 |
| Enrolled in CTF PARTNER - Agents (agency program) on Sep 30                                                                             | Lemlist                                                                                                       | Activation is in progress.      |
| <b>Duplicate records</b>                                                                                                                | "Entvisions" (58858880099, Andrew Cain) and "Enterprise Visions" (58868789918) are the same firm. Merge them. |                                 |

## Work already in motion

Activation started with the Sep 30 partner campaign.

| When   | Channel / campaign   | What happened         | Read                  |
|--------|----------------------|-----------------------|-----------------------|
| Sep 30 | CTF PARTNER - Agents | Enrolled: Andrew Cain | Step 1 queued or sent |

## Who to reach, in order

| Contact     | Title (source)               | Where        | Why they matter  | Status / email         |
|-------------|------------------------------|--------------|------------------|------------------------|
| Andrew Cain | Technology Advisor (HubSpot) | St. Paul, MN | Partner contact. | Lemlist Agents, Sep 30 |

## Not worth chasing for this goal

Their end clients directly. Never go around a partner on a deal they bring.

## How the access path should run

## Messages, by contact

### 1. Andrew Cain Technology Advisor

Why them: Primary partner contact.

**Channel: Email Mon Oct 5 (after Lemlist step 1) | Subject: Chicago fiber for Enterprise Visions's clients**

Andrew, Crosstown owns underground fiber in Chicago, on-net at Equinix CH1/CH2/CH4 and Digital Realty at 350 E Cermak, Equinix CH3 in Elk Grove, and TierPoint on Polk, and we document diversity down to the conduit. If any of your clients need a Chicago path, a second route or data center connectivity, our agent program pays 15% of monthly recurring revenue for the life of the contract, renewals included (7.5% of the one-time charge on dark fiber IRUs). We register your deal before we quote, so it stays yours. Do you have 15 minutes next week? I'll send our KMZ and coverage list either way.

## The plan

| When           | Move                                                                    | Notes                                          |
|----------------|-------------------------------------------------------------------------|------------------------------------------------|
| Mon Oct 5      | Personal follow-up email to Andrew Cain.                                | After Lemlist step 1.                          |
| Thu Oct 8      | LinkedIn connect.                                                       | -                                              |
| Week of Oct 12 | 15-minute intro call; send the agency agreement, KMZ and building list. | Explain net-new rule and deal registration.    |
| Week of Oct 26 | Agreement signed; ask: "Which net-new Chicago deal can we register?"    | Check it against our existing prospects first. |
| Jan 2027       | Quarterly check-in; share new on-net buildings.                         | -                                              |

## What progress looks like (for management)

| By     | Milestone                            | How we will know                      |
|--------|--------------------------------------|---------------------------------------|
| Oct 16 | Intro call held                      | Meeting logged                        |
| Nov 15 | Agency agreement signed              | Countersigned PDF in HubSpot          |
| Dec 31 | First registered net-new deal quoted | Partner-sourced deal and quote logged |

## Guardrails

- Commission applies to net-new customers only. Before accepting a registration, check the account against Crosstown's existing customers and active prospects (including the accounts in these plans); overlaps need written approval and may pay differently.
- Per the agreement, the agent submits service, locations, customer and term before any quote, and marketing material needs Crosstown's written approval.
- Credits used: ZoomInfo company enrichment for 1 company.
